  - B. budget amounts
- VI. Preliminary discussion of Jenkins' transition
- VII. Ideas for lead-up to Missions Sunday 2012
- VIII. Prayer

Letter from a 2011 summer short term mission worker--

Oct. 2, 2011

Missions Committee:

I would like to thank each of you and the entire Quail community for supporting my mission efforts this summer. As you know I was blessed to spend a week in Antwerp, Belgium assisting the church started by Paul Brazle and his family. Myself along with two other guys from the OC European Studies Program distributed postcards to the entire area of Deurne, an outer area of Antwerp where the church building is, to help raise awareness of the church's presence.

This was my first time participate in mission efforts and I really enjoyed the work that I had the opportunity to do. With a large Muslim population in Europe and most definitely in the area where we were, I could see the need for the Lord to be working in such areas.

This summer was very uplifting and eye opening to me. Through my work in Belgium and also in Vienna I truly realized that God is universal and not just for those of us who were fortunate enough to be raised in Christian homes. Speaking to people from other cultures about their faith really put things in perspective for me.

I truly appreciate Quail Springs Church of Christ supporting my mission efforts this summer and for providing this opportunity to serve.

Sincerely,

Cody Summerville
