Long Term Budget

April 1 numbers indicate that we still need to raise 12% of our budget target (about \$20,000) by the end of the fiscal year. We will update this computation monthly and inform the congregation, and will hope and pray this difference will be contributed in unpledged funds.

Jenkins transition decision

Merle will email a comprehensive document to the MT starting with the March proposals for the Jenkins transition. A May Missions Team meeting seems impossible, so the team will work on this decision by email.

The MT expressed joy and thankfulness that the short-term efforts can be helped generously this year.

Lindy Adams led the closing prayer.

Respectfully submitted,

Lindy Adams
